My Predictions

1 - In the next few months, some of Zaporizhia's nuclear plant reactors will blow up, and there will nuclear radiation extending throughout Europe due to that through the wind

it could be other nuclear reactor, we f*d up

update: i barely believe in 1 anymore

2: HIV was manmade

3: JFK was assassinated because he was about to disclosure to the Russians, or to the public, some secret information regarding aliens/UFOs

4: Covid jabs are part of a broader depopulation agenda

5: Bill Gates in jail

6: 9/11 was a false-flag operation to justify the increase in funding for certain governmental agencies, such as the one Fauci was leading to study bioweapons under the designation of VP Dick Cheney

7: Not only covid-19 is manmade but its release was also intentional

8: Aliens exist, and the most common species to interact with humanity are grays. A key interaction with them seems to have been that of the Roswell incident from 1947

Predictions for 2025 (probably from Feb 2025 to Oct 2025)

1-Loss of Faith in the Old System
2-Financial Collapse
3-Natural Catastrophes
4-Disease (lil trojan horse)
5-UFO -> Sci-Fi World
6-Technology revolutionhttps://rumble.com/v5xacmn--the-wacky-woo-show-with-jc-bix-and-dick-dec-8.html?e9s=src_v1_ucp

10. Taylor Swift is trans

11. Some of us will start calling each other "Chromie", which comes from "chromosomes" and "homie"

12. Serena Williams is a man

13. So is Barack Obama's wife

14. Aliens are quite patient and nice, they're not the evil reptilians i once thought about i think, but i still don't quite get why so many anal thiings in abductions im still confused

15. They will contact us circumventing govt.

they are likely to show up in the middle of an open football game stadium or something, say a few words, and fuck off afterwards

they may even like football, just like we do, that idk, they may also like the green frog, pepe, idk

this is not going to age well

16. The next pandemic will be a bird flu pandemic, probably a variation of the H5N1 one if not that itself, once the human-to-human transmission is unlocked by the globalists - it will not be natural. Don't take the vaccine for that one. Especially if it happens between Feb 2025

and Oct 2025.

17. Emmy Noether was a man.
18. US will separate from NATO in 2025 or 2026.

19. We will see a financial collapse in Feb 2025

20. Ivanka Trump will run for president in 2028

21. See

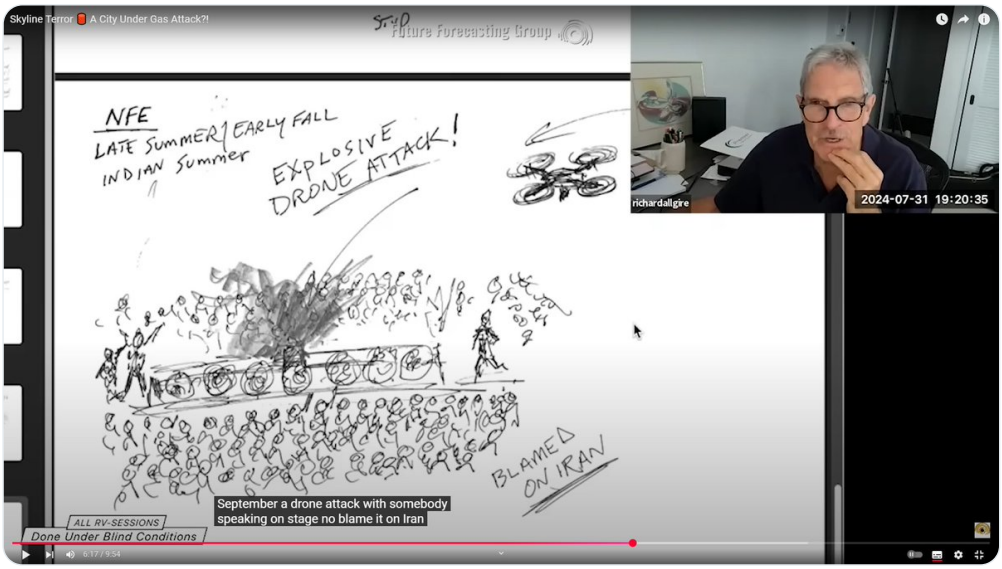
22. Beware Jan 20 Trump's inauguration event...

...or somewhere else...



23. On July 5 2025 Japan will be destroyed

24. Why March-July in Europe can be the beginning of the end, a nuclear wasteland or something alike.

14 reasons why

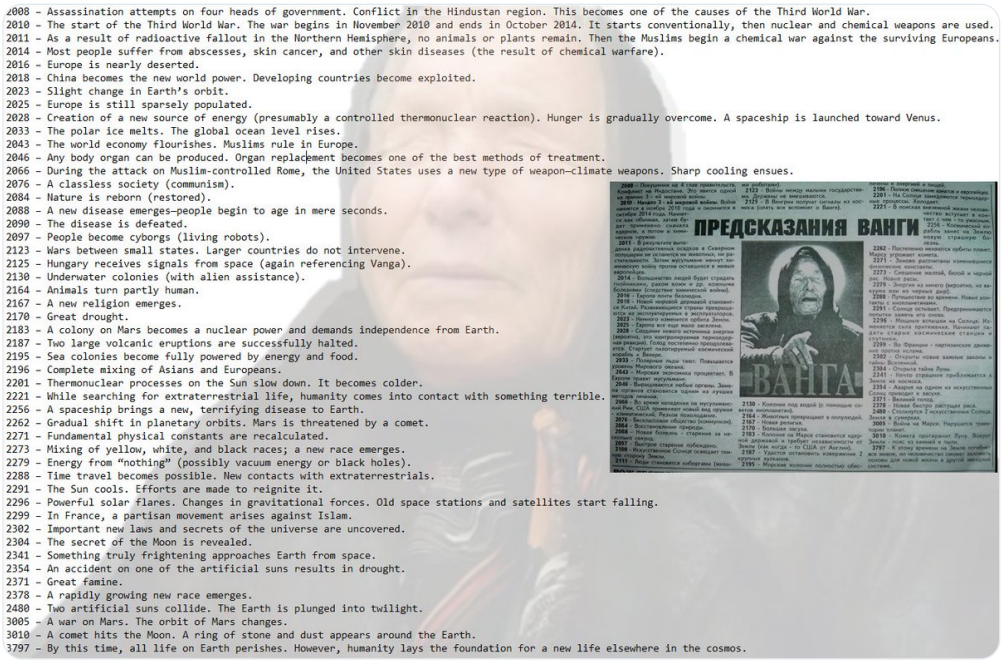
25. UK Parliament will be dissolved by Feb 28 2025, and Nigel Farage will win the new elections. Only then will UK be ready to fall.

Not mine, but some of Baba Vanga's predictions translated by ChatGPT to English. The source of these is in the Bulgarian attached newspaper - all in one image!

A long video on Baba Vanga's in here (can somebody translate this video to English with AI?)

https://www.youtube.com/embed/YwBwHbgp470



2008 – Assassination attempts on four heads of government. Conflict in the Hindustan region. This becomes one of the causes of the Third World War.
2010 – The start of the Third World War. The war begins in November 2010 and ends in October 2014. It starts conventionally, then nuclear and chemical weapons are used.
2011 – As a result of radioactive fallout in the Northern Hemisphere, no animals or plants remain. Then the Muslims begin a chemical war against the surviving Europeans.
2014 – Most people suffer from abscesses, skin cancer, and other skin diseases (the result of chemical warfare).
2016 – Europe is nearly deserted.
2018 – China becomes the new world power. Developing countries become exploited.
2023 – Slight change in Earth's orbit.
2025 – Europe is still sparsely populated.
2028 – Creation of a new source of energy (presumably a controlled thermonuclear reaction). Hunger is gradually overcome. A spaceship is launched toward Venus.
2033 – The polar ice melts. The global ocean level rises.
2043 – The world economy flourishes. Muslims rule in Europe.
2046 – Any body organ can be produced. Organ replacement becomes one of the best methods of treatment.
2066 – During the attack on Muslim-controlled Rome, the United States uses a new type of weapon—climate weapons. Sharp cooling ensues.
2076 – A classless society (communism).
2084 – Nature is reborn (restored).
2088 – A new disease emerges—people begin to age in mere seconds.
2090 – The disease is defeated.
2097 – People become cyborgs (living robots).
2123 – Wars between small states. Larger countries do not intervene.
2125 – Hungary receives signals from space (again referencing Vanga).
2130 – Underwater colonies (with alien assistance).
2164 – Animals turn partly human.
2167 – A new religion emerges.
2170 – Great drought.
2183 – A colony on Mars becomes a nuclear power and demands independence from Earth.
2187 – Two large volcanic eruptions are successfully halted.
2195 – Sea colonies become fully powered by energy and food.
2196 – Complete mixing of Asians and Europeans.
2201 – Thermonuclear processes on the Sun slow down. It becomes colder.
2221 – While searching for extraterrestrial life, humanity comes into contact with something terrible.
2256 – A spaceship brings a new, terrifying disease to Earth.
2262 – Gradual shift in planetary orbits. Mars is threatened by a comet.
2271 – Fundamental physical constants are recalculated.
2273 – Mixing of yellow, white, and black races; a new race emerges.
2279 – Energy from "nothing" (possibly vacuum energy or black holes).
2288 – Time travel becomes possible. New contacts with extraterrestrials.
2291 – The Sun cools. Efforts are made to reignite it.
2296 – Powerful solar flares. Changes in gravitational forces. Old space stations and satellites start falling.
2299 – In France, a partisan movement arises against Islam.
2302 – Important new laws and secrets of the universe are uncovered.
2304 – The secret of the Moon is revealed.
2341 – Something truly frightening approaches Earth from space.
2354 – An accident on one of the artificial suns results in drought.
2371 – Great famine.
2378 – A rapidly growing new race emerges.
2480 – Two artificial suns collide. The Earth is plunged into twilight.
3005 – A war on Mars. The orbit of Mars changes.
3010 – A comet hits the Moon. A ring of stone and dust appears around the Earth.
3797 – By this time, all life on Earth perishes. However, humanity lays the foundation for a new life elsewhere in the cosmos.

26. In 2025 & 2026 we will see some of the next few uncommon viruses jumping into global pandemics

H5N1 (bird flu)
HMPV (China)

-Via mosquitoes:
Denge
Yellow fever
Zika virus
A puche virus..

Pertussis, measles, polio? idk

-Finally:
Marburg
Ebola

source? Fucker Hotez himself
